LAW AUTHORIZING DEFICIENCY BONDS ASKED BY CITIES

Cincinnati Mayor Says Bill Is Necessary to Meet This Year's Expenses.
Other Cities Urge Passage of Measure By The Legislature.

Columbus, Jan. 19.—City officials were before the house taxation committee today, urging passage of the Taft bill providing for the issuing of deficiency bonds to make up deficits in the cooperating revenues for 1921. Cincinnati and Dayton were represented by the officials in person, while Youngstown and Lima were among cities sending telegrams urging favorable action by the committee on the bill.

John E. McCrehen of Columbus, representing the Ohio board of commerce and the Ohio Association of Real Estate Boards while declaring he was not opposed to the bill, but asked that action on it be delayed until the organization represented by him might consider it fully. He asserted it would defeat the purpose of the bills proposed by the recent tax conference. These bills contemplate a lifting of the limitations of the Smith one per cent tax law for three years and a kindred measure limiting the bonding power of municipalities.

Mayor John Galvin of Cincinnati, as well as Representative Robert Taft of Cincinnati, member of the committee, asserted the Taft bill would not interfere with the two proposed tax bills, but has been a relief until 1922. The passage of the proposed bill to authorize deficiency bonds would be necessary to make up the deficiencies for this year they asserted.

Wayne G. Lee, director of finance for Dayton, also urged passage of the Taft bill, he asserted, that the deficiency in the city of Dayton this year will be approximately \$700,000 and that it cannot be made up without the issuance of deficiency bonds. He said a reappraisal of real estate in Dayton, which has had none since 1910, probably would solve the finance problem there for 1922 and thereafter, but would offer no relief for this year.

MOTHER KILLS THREE CHILDREN AND SELF

Winchester, Va., Jan. 19.—Mrs. Mary Glenn Hicks, wife of Stanley H. Hicks, shot and killed three of her four children early today at her home near here and then killed herself. She is believed to have been mentally deranged due to a recent attack of influenza. The mother used a shotgun and the position of the bodies indicated that the children had sought to shield themselves.

BOYS' GANG SETS HOLDUP RECORD

More Than 100 Holdups Are Credited to Young Gang—Worked Six Nights Week.

Chicago, Jan. 19.—The vigilance committee of Hyde Park, an exclusive south side residential quarter, organized to combat robberies in the neighborhood was preparing to disband today following a confession of four youthful highwaymen in the boy's court that they had been responsible for more than one hundred holdups in the district.

Fred Loomis, in a confession, given out by the police said he worked six nights a week and made it a rule never to make less than seven robberies a night. We acquired a lot of guns and used them to intimidate victims although we would have hated to shoot anybody.

Twenty-five pistols were found in Loomis' rooms, the police said. Victims of the robbers told the police that after being held up they were wished a polite good night and then provided with car fare.

NEWPORT SLAYER IS ACQUITTED BY JURY

Newport, Jan. 19.—Justus B. Murray, bakeries proprietor, was acquitted last night by a jury in the Campbell county court on the charge of murder in the first degree, this morning bid goodbye to his jailer and to several prisoners with whom he had become acquainted during his incarceration. Murray shot and killed Howard Phillips, his business associate in this city on the night of October 20, 1920 while Phillips was in company of Mrs. Maud Murray, the wife of the acquitted man. The jury returned its verdict after deliberating over three hours. Two voted for conviction on the first ballot, but these jurors were finally won over. The history of the local courts has been such a demonstration as was accorded when the verdict was read. The throng broke into cheers and pressed around Murray and shook hands with him. He, his father and mother and his wife's parents, Mrs. J. Campbell of Argonville, and Mrs. J. Campbell of Argonville, entered the automobile after the verdict and went to Cincinnati where they remained during the night. Murray declined to discuss his future plans this morning.

VIOLINIST WOULD DIVORCE HUSBAND

Mrs. Jennie Elkins (Yvonne).

Mrs. Jennie Elkins, known on the vaudeville stage as Yvonne, a violinist, has sued for absolute divorce in the supreme court in Brooklyn. She charges she discovered her husband was unfaithful through a wrong telephone connection. He denies the accusation.

RICKARD DENIES BOUT IS OFF

Declares All Principals In Bout Have Posted Bonds Guaranteeing Fulfillment of Agreement.

New York, Jan. 19.—Tex Rickard, one of the promoters of the heavyweight boxing championship bout between Jack Dempsey, title holder and Georges Carpentier of France, denied this morning that the bout had been called off, as announced by the New York Times.

All the principals have posted the deposits required under the terms of the contract Rickard declared, and the contract has not been violated in any way. Plans for the bout are being continued by the promoters, he asserted, and it is now expected to stage it July 2.

Rickard said his own deposit and that of William A. Brady, another of the promoters, were in the form of a check which he deposited in the bank. The English promoter wrote a check before leaving the United States for his share, but Rickard said he believed this later was replaced by a bond.

Dempsey's share also was in the form of a bond, Rickard said. Carpentier's share was in the form of a check which was given in France and that he believes this was transferred later to the United States.

Under the terms of the contract, the promoters agreed to deposit \$100,000, while the manager of the fighters agreed to deposit \$50,000 each not later than November 22 last.

"The contract has been lived up to by everyone," said Rickard. "There has been no change in plans and the whole suggestion is a dream. There is no one who could call off the bout so long as the contract is carried out by the principals."

CARPENTIER'S FORFEIT IS IN PARIS BANK

Paris, Jan. 19.—Georges Carpentier's forfeit as a guarantee for the contract he signed with Jack Dempsey for a bout to decide the heavyweight championship of the world is being held by the Morgan-Harjes bank of this city. It was deposited with this institution on November 22 last and is equivalent to \$50,000.

KEARNS DENIES REPORT THAT BOUT IS CANCELLED

San Francisco, Jan. 19.—Forfeits of both Jack Dempsey and Georges Carpentier for \$50,000 have been posted to insure their meeting for the heavyweight boxing championship of the world, according to Jack Kearns, manager of Champion Dempsey, denying reports from New York last night that the fight had been cancelled because the principals had failed to post their forfeit money.

Kearns positively denied the New York reports the fight had been called off in an interview given Harry Smith, sporting editor of the San Francisco Chronicle and published today. "It is an absolute falsehood," Kearns is quoted as saying. "I am positive the deposits have been made in the hands of Robert Eldgren, who was named as the man with full power to act. My money was posted three days after the Carpentier coin was put in the bank and I have my receipt in my New York office. I know also that the Frenchman left his coin in this country." Dempsey is residing at Kearns' home in Oakland, across the San Francisco Bay where he is training during his visit from New York last night. The champion refused to waken him last night to discuss the report. The attendants denied knowledge of the report. Kearns passed the night in San Francisco with a party of friends.

COMMITTEE WILL URGE PASSAGE OF NEW LIQUOR BILL

It Will Not Interfere With Private Stocks Legally Held.
Framed to Prevent Storage By Bootleggers In Private Dwellings.

Columbus, Jan. 19.—The senate committee on temperance after hearing an explanation of the Miller bill creating a state prohibition enforcement department by J. A. White, superintendent of the Anti-Saloon League today agreed to recommend the bill for passage as it has been drawn after another hearing tomorrow morning at 10 o'clock.

Only objection raised to the bill in committee was made by Senator Emmert of Cincinnati, who asked Senator Miller, the author whether his statement that Governor Davis had approved this bill was correct.

Miller, the governor's inaugural address which Senator Miller read in part and in which the governor called for passage of law enforcement measures and "an iron handed policy" in dealing with prohibition enforcement.

"God bless Governor Davis for that message," said Senator Miller. He said the legislature should not dally about passing the bill and moved immediate recommendation by the committee.

Because Senator Emmert asked for further time another meeting was called for tomorrow morning. Emmert complained of the search and seizure provision which he said would amount to an invasion of private homes. Superintendent White of the Anti-Saloon League said it was not the intent of the bill to give prohibition officers the right to invade private residences but that measures would give them the right to search homes and seize the liquor where it was known to be unlawfully possessed. He said it would not interfere with those who had obtained liquor legally.

Senator Bender of Cleveland, speaking for law enforcement bodies of Cleveland said "we are sick and tired of dallying with city officials who are not enforcing the law and this bill will give us power to stop that."

Willis Yeatman, former member of the general assembly from Hamilton county who addressed the committee said that Cincinnati officials were also lax in enforcing the laws. He declared that "certain leaders in the Republican organization of Hamilton county are against law enforcement."

Yeatman said he had spoken for the liquor traffic when he was in the legislature "but I come here today a changed man" he added.

A large number of the house members went to London this morning to inspect the work on the new pension law now in progress. They were guests of Representative Crabbe of Madison county, majority floor leader in the house. Representatives of larger cities of the state were here this morning for a meeting of the house taxation committee which is considering the Taft and other bills authorizing the issuing of deficiency bonds for 1921 deficits in operating expenses of cities.

Confirmation of Governor Davis' appointments, including George T. Poor, Cincinnati, as member of the state utility commission; E. W. Swisher, Columbus, as civil service commissioner and Henry Dykeman, Lorain county, as state fire marshal, will be the subject of a caucus of senate Republicans today. Some objection, said to have been raised in the appointment of the caucus. It was expected that the matter would be ironed out in caucus and the appointments would be confirmed.

About 20 new bills were introduced yesterday. Included among them were the following:

By Mr. Muskingum to levy a production tax of one percent on coal, gas and other minerals produced in Ohio and to tax transfer and storage companies as public utilities. These are revenue measures designed to produce approximately \$2,000,000 annually.

By Senator Cornell of Wayne, abolishing present methods of electing county boards of education and providing for their election by direct vote of the people.

By Senator Dawes of Miami, providing for separation of men and women on juries when they are deliberating.

By Senator Burke of Lorain, amending law relative to width of tires on trucks, a measure for protection of roads.

By Representative Beck of Cuyahoga, regulating the sale of fire works.

By Representative Evans of Cuyahoga, regulating the purchase and sale of second hand vehicle parts and licensing dealers in second hand automobiles.

By Representative Freeman of Hardin, increasing salaries of probate judges and by Representative Matthews of Montgomery increasing salaries of court stenographers.

By Wenner of Ashtabula, extending benefits of workmen's compensation fund to employees who are victims of occupational diseases.

WOMAN JUDGE SENDS MAN UP FOR LIFE

Cleveland, Jan. 19.—Common Pleas Judge Florence E. Allen today sentenced Robert Mommery to life imprisonment after a jury containing three women found Mommery guilty of second degree murder for the slaying of Henry Thompson last Thanksgiving day. It was Judge Allen's first murder case.

WOMEN PLEAD AT CAPITAL FOR DISARMAMENT

Representatives of the woman's peace society with Rep. Julius Kahn.

Urging the necessity of cutting military appropriations in order to reduce taxation and making a plea for disarmament, these women, representatives of the Woman's Peace Society, recently appeared before the house military committee. They were

START PETITION FOR VOTE ON NEW GAS RATE

Referendum Is Asked By Three Men Who Are Seeking Signatures—Date Set Is Nov. 12.

A petition asking for a referendum of the increased gas rate passed by the city council over Mayor Altheimer's veto Monday night is being circulated in the city in the effort to have the people vote on the question directly. The petition which will be circulated today was prepared by a committee of three citizens of Newark who obtained the necessary authority from Secretary of State Harvey C. Smith. The men on the committee are Allen H. Reel, W. H. Neft and Sidney E. Smith. The petition sets the time of the referendum at November 12, 1921.

PREDICT DEFEAT OF REAPPORTIONMENT BILL

Washington, Jan. 19.—The house was expected to terminate debate and pass a final verdict today on the reapportionment bill, proposing an increase in the membership from 435 to 483. Five hours of discussion yesterday brought forth such a storm of protest against the proposal that house leaders feared the bill would not pass.

Apprehending defeat of the bill in its present form, however, members of several of the states that would lose representation under the amendment had mustered forces today for an attempt to shut off any reapportionment legislation at this time. Leading the group, Representative Bland, Republican of Indiana, announced he would offer an amendment to strike out the enacting clause of the bill which, if carried, would automatically fix the measure and probably defer settlement of the reapportionment issue until the next congress.

UP TO ENGLAND AND AMERICA, JAP ASSERTS

Tokio, Monday, Jan. 17.—American proposals that Japan, Great Britain and the United States "take a naval holiday" is cloaked in proof that despite the fabulous riches of America she wished to curtail national expenditures, and therefore the proposals are intended more to help America than to contribute to the peace of the world, said Marquis Shigenobu Okuma, former Japanese premier in an interview today.

The Nonpartisans asserted America should first consult Great Britain relative to the suggested suspension of naval program.

"Only when an American-British agreement has been reached," he added, "can Japan be in a position to consider this proposition. Japan's naval program is fixed at the minimum necessary for national defense."

Charges that it appears the American government is given the incident arising out of the death of Naval Lieutenant Lankton at Vladivostok and the importance made by the Kokumin Shimbun.

FACTIOUS FEELING IN DAKOTA

Fargo, N. D., Jan. 20.—Factional war between Nonpartisans and Anti-Nonpartisans continues in the new legislature of North Dakota, where something like a balance of power exists. The Nonpartisans control the senate by a vote while the independents have a variable majority of one to five in the house.

The only new activity suggested in the message of Governor Frazier, Nonpartisan, is the operation of a state owned coal mine to provide coal for state use.

PERRY OUT OF HOSPITAL

Pittsburgh, Jan. 19.—Jack Perry, a well-known actor, who was injured while training for a bout with Johnny Tillman, was released from a hospital here today. Perry it was said would resume training in a few days for a bout with Tillman at Springfield January 25.

TO EXECUTE THIRD MAN

Columbus, Jan. 19.—Charles Cuyahoga, sentenced to be executed Saturday night, tonight will be the third man from Cleveland to die in the electric chair at the Ohio penitentiary within two weeks. Joseph Dell and Robert O'Neil were executed ten days ago.

HOUSE REFUSES TO INCREASE SIZE

Seats In Lower Branch of Congress Are Shifted Under Amendment Voted By Solons.

Washington, Jan. 19.—The House of Representatives voted today against increasing its membership, now 435. The vote to keep the membership at 435 was 195 for to 77 against.

This action was taken by adoption of an amendment to the reapportionment bill which sought to increase the total to 483. Under the amendment 12 seats would be shifted from 11 to 8 states.

FARMERS PROTEST THE REAPPRISING FARMS

Columbus, Jan. 19.—Farmers of Ohio will appear before the state public utilities commission this week to protest against the order of reapportionment of farm lands in many counties of the state. C. A. Dyer, leader of rural forces, said today that there would be several hundred farmers here to make their protests.

Dyer asserted the farmers are prepared to show that this is not the time to have a reapportionment of farm lands, but a time when the farmers are suffering from a drought and a hard winter. He declared, farm lands would be much lower.

Many farmers, he said, now were preparing to sell their farms.

The order for a reapportionment was made by the state commission several weeks ago, but at the request of former Governor Cox was suspended until February 1. Beginning Monday, one entire week has been set apart by the tax commission for a hearing on the subject.

BOTH HOUSES VOTE FOR SMALLER ARMY

Washington, Jan. 19.—Only minor differences of language between the senate and house measures remained to be straightened out to send on its way to executive action a joint resolution of congress limiting the size of the army to 175,000 enlisted men.

Adoption of both houses of joint resolutions cutting the army to that figure came almost simultaneously yesterday. Ten minutes after the senate voted to set aside its decision of last week to reduce the army to 150,000 and approved the higher figure, the house adopted the joint resolution sponsored by Chairman Kahn of its military affairs committee directing secretary of war to stop enlistment until the army is reduced to 175,000.

Action of the senate was taken without a record vote, but adoption of the resolution in the house was opposed by only four members.

HARLEY GETS OFFER

Columbus, Jan. 19.—"Chic" Harley, Ohio State University's first all American football player is expected to turn down an offer received from the University of Tennessee to coach its 1921 team, it was said today.

HINTON TALKED OF TAKING GUN FROM FARRELL

Testifies in Naval Probe That He Consulted With Balloon Companion.

Rockaway, N. Y., Jan. 19.—Lieutenant Walter Hinton, testified this afternoon at the inquiry into the spectacular balloon flight he recently made into Canada with two other American naval officers, declared that one time while they were lost in the woods he had consulted his commander, Lieutenant Louis A. Kloor, regarding the advisability of disarming Lieutenant Stephen A. Farrell.

DISABLED SOLDIER IS INJURED IN WRECK

Greenville, Jan. 19.—Twenty persons were injured when part of the New York St. Louis fast train on the Pennsylvania railroad was derailed a mile east of Greenville at noon today.

Trainmen stated that the derailment was caused by a wheel on the fourth car of the train splitting a switch, causing the rear trucks of this coach to drop from the rails and other coaches to follow. Four passengers were derailed and crashed into the locomotive and two cars of a freight train which was on a siding near by.

Farrell, the most seriously injured was Joseph E. Connor, of Columbus, Pa., who lost his leg and arm and a hand crushed. He was accompanying Howard Murray, a disabled soldier, to the latter's home in Elwood, Ind. Murray suffered a broken collar bone and minor cuts and bruises in the wreck.

M. C. Kelley and J. F. Willis, trainmen, were hurt beneath broken beams and debris, Kelly sustaining injuries to his left ankle and Willis suffering an injury to his left knee and lacerations of the head.

NO CHANCE FOR BILL INCREASING SOLONS

Washington, Jan. 19.—Although the house was ready today to go through the formality of voting on the reapportionment bill, increasing the membership from 435 to 483, a final check up by house leaders showed, they said, that measures would be decisively defeated.

Option of a substitute plan holding the membership down to its present number was generally predicted, members for mistakes which would lose representation under the sub bill declaring they would support it rather than vote for the bill reported by the census committee, adding 48 members at a total cost of approximately \$1,500,000 a year.

NEWARK MAN INSTALLED BY B. & O. MACHINISTS

Chillicothe, Jan. 19.—The annual convention of District No. 29, International Association of Machinists, embracing members of the B. & O. railroad system opened here today. Officers installed were: D. L. Niland, Kyser, W. Va., president; John Nicholas, Cincinnati, vice president; G. B. Wolfe, Newark, secretary-treasurer; C. N. Fullerton, Washington, Ind., executive chairman; T. H. Tighe, Crafton, W. Va., conductor; J. J. Mosely, Baltimore, sentinel; C. A. King, general organizer, Washington, D. C., was installing officer. Annual reports showed a membership of 8,000.

Jackson, Ky.—Seven stills and more than 1,000 gallons of moonshine whiskey were seized and Sam Collins arrested in a raid in Breathitt county.

BILL EXTENDS TERMS OF ALL CO. OFFICIALS

Hold Elections Every Four Years Instead of Every Two Years.
Measure Would Eliminate County Election In 1922 It Is Said.

Columbus, Jan. 19.—All county officers will be elected quadrennial instead of every two years and those elected last November would have the terms for which they were elected extended to four years if a bill recommended for passage today by the senate committee on county affairs becomes a law. The bill would provide a minimum salary of \$1,200 a year for all county officials.

The bill recommended for passage is a substitute for a bill introduced by Senator Archer which provided only for a few county officers. The last legislature extended terms of county auditors and commissioners to four years and thus one would place all others on a four years basis.

Terms of county treasurers and county recorders elected last November would be extended to the first Monday in January 1925 and the terms of clerk of courts would be extended to the first Monday of August 1925.

If enacted into law this would eliminate a county ticket in 1922 and make the next election for county officials in the presidential year, 1924.

Excepting where county treasurers and sheriffs are now serving their second terms, there would have to be an election for these in 1922. The constitution limits sheriffs and treasurers to four consecutive years in office. They could not have their terms extended for a period of more than four years.

KANSAS OFFICERS RAID LIQUOR STORES; JAIL 40

Leavenworth, Kansas, Jan. 19.—Forty-one county officers in jail here today awaiting summons into police court on charges growing out of wholesale liquor raids carried out here and in nearby towns last night by officers working under orders from J. S. Hopkins, Kansas attorney general, and Colonel J. M. Atkinson, commander of the military post at Fort Leavenworth.

Quantities of liquor and gambling paraphernalia were brought in by the raiders, together with a 49-gallon still, seized near the Kansas state penitentiary at Lansing, a suburb, by J. K. Colding, warden of the penitentiary. At many places the raiders were mistaken for bandits. At one place the man behind the bar slipped to a telephone and called the police while the party was searching for liquor. Patrolmen arrived and the raiders introduced themselves.

SPEEDY JUSTICE FOR GUN MEN

Suspect Makes Confession and Evidence is Placed Before Grand Jury—Two Fugitives Sought.

Toledo, Jan. 19.—Breaking up of the gang of gunmen which killed the railroad detectives Monday noon, has been accomplished, police say.

Two alleged members of the band are in jail.

One of these—Edward Foley, of Denver and Omaha—has confessed and has implicated Byron Richardson, a negro, also under arrest and two others, both white, for whom police detectives of Pittsburgh and Cleveland are conducting a search. These are the latest developments in Monday's holdup of a New York Central ticket agent, his bodyguard, and the Richmond of Louis Schroeder and A. E. Long, railroad detectives playing the role of money guards while the cash was being taken to an uptown bank.

To the police Foley is declared to have confessed the names of the three men who were with him when the detectives were killed. One of these is the black, Richardson. The other names are withheld for police purposes.

The negro woman Vivian Larrimore, arrested Monday, also has admitted to the police that Richardson and the three white men divided their plunder in a room, where the Richmond of Louis Schroeder and A. E. Long, railroad detectives playing the role of money guards while the cash was being taken to an uptown bank.

Foley is likely to be arraigned immediately if indicted. Should he plead guilty, sentence will be passed at the same time and execution without delay.

The grand jurors who have been in session for several days received part of the evidence against Foley yesterday afternoon.

DIXIE HIGHWAY WILL BE FINISHED THIS YEAR

Jasper, Tenn., Jan. 19.—Completion of the Dixie Highway, which will provide a hard road from the Great Lakes to the extreme end of Florida, is assured by the recent vote to issue \$250,000 in bonds by Marion county, and the highway on projects along the highway planned by the Georgia highway department.

The Marion county portion has been the line between the north and the south which prevented tourists from traveling in comfort over the noted thoroughfare. Tennessee and the federal government will match the amount of Marion county's \$250,000, making a total of \$500,000 to be used on the highway in the county this year. The section is across the Cumberland river, same through a sparsely settled area.

OHIO DEBT IS CAUSING CONCERN

Bonded Indebtedness of State Advances 147.6 and Imposes Heavy Burden Upon Tax Levies.

Columbus, Jan. 19.—Increase of Ohio's public debt and the acute financial conditions of most of the cities of the state are two of the outstanding arguments advanced in support of debt limitation measures introduced in the general assembly this week and backed by civic, farm and real estate interests. Statistics furnished by the Ohio Institute for Public Efficiency which were instrumental in bringing the various groups together on this taxation problem show that during the last nine years, the bonded indebtedness of the state increased \$268,913,120, reaching a total of \$456,487,442, or an advance of 147.6 per cent. This increase, it is pointed out, has assumed such proportions that interest and sinking fund charges are imposing a heavy burden upon the tax levies.

INTEREST AND SINKING FUND REQUIREMENTS, LEAVING BUT 10.4 CENTS OUT OF EVERY DOLLAR IN THE CITY FOR CURRENT PURPOSES.

The low record in held by Youngstown, where 9.1 per cent is required. Proper debt regulation and a real budget system are the two fundamental features advocated for the "pay-as-you-go" system. The measure before the legislature proposes:

- 1. Prevent borrowing for current expenses or deficiencies; 2. restrict the maturity of loans so that bonds cannot be issued for a longer period than the probable life of the assets required; 3. protect sinking funds; 4. strengthen the limitations on maximum net indebtedness; 5. establish the serial form of bonds.

The five objectives are made permanently applicable to charter cities through a resolution proposing certain amendments to the constitution. Borrowing to pay current expenses or deficiencies is prohibited except in anticipation of the collection of revenues or special assessments to defray the expenses of an extraordinary epidemic; to meet deficiencies created through enjoined taxes, or to pay judgments of non-contractual obligations. Any asset, the life of which is less than five years is considered a current liability and the issuance of bonds is prohibited. Maturity limits imposed by the bill are:

REAL ESTATE, 40 YEARS; CONSTRUCTION OR REPAIR OF BUILDINGS OF NON-COMBUSTIBLE MATERIAL, 30 YEARS.

Construction or repair of buildings of combustible material or roads of contract, 20 years. Construction of repair of streets, excepting macadam, 15 years. Construction of macadam streets or roads, five years. Purchase of equipment, tools, etc., five years.

URGES GYM FOR H. S. STUDENTS

Prof. Livingston of Denison Points Out Need of Physical Education If Young People Are To Be Most Efficient.

The Monday luncheon of the Kiwanis club was addressed by Prof. Walter Livingston of Denison, who told of his trip to California on the official train to witness the great football game between Ohio State and California. He told of many amusing incidents of the trip enroute to California. He grew enthusiastic on the wonders of the Grand Canyon, but deeply regretted that he left 10 years of his life there owing to the fact that the burro which he rode persisted in reaching out over the abyss for twigs upon which to feed. At each recurring endeavor to something to eat, "Livy" sought for some grip on the smooth surface of the wall beside the pathway.

were alive to the betterment of the physical being of the youth of the land. A point emphasized by Prof. Livingston was the imperative need of properly equipped gymnasiums for the high schools and secondary colleges of the country. He declared it a crying shame that Newark did not possess a properly equipped gymnasium for the use of the high school students as well as the graded schools, with a properly trained instructor in charge. He referred to the defects of the youth of America as revealed by examinations during and prior to the nation's entry in the great world war. His description of the game between Ohio State and California showed the keen insight he possessed and which has made him the remarkable coach.

EUROPE'S STARVING CHILDREN.
Arrangements for the feeding of 1,300,000 children in Poland this winter through the relief stations of the American Relief Administration, as given out by the European Relief Council, indicate the efficiency of the organization which, under Herbert Hoover's direction, is expediting work which is being maintained until next harvest will save 2,500,000 children from starvation.
The children in Poland and the other countries of Central and Eastern Europe are to survive through the winter until next summer's harvest. American relief must be continued.
For the 1,300,000 children of Poland is given out through 1,500 American feeding stations. One American dollar a month, with the additional aid given by the Polish government, feeds a child. The government furnishes transportation, warehouse space, railroad car, and personnel.
The Polish state children's relief committee operating under the state department, which American charity is supporting, is a national relief which American charity is supporting. It is a national relief which American charity is supporting. It is a national relief which American charity is supporting.

A complete report of the number of children saved from each warehouse is being sent to the state department, as to the total number of children saved from each warehouse is being sent to the state department, as to the total number of children saved from each warehouse is being sent to the state department.

The Polish government has already contributed nearly \$2,000,000 of food, clothing and other necessities to the children of Poland. The Polish government has already contributed nearly \$2,000,000 of food, clothing and other necessities to the children of Poland.

Through the efficiency of Hoover's organization and the help offered by the various European governments, the cost of feeding a child and saving it to live until the next harvest removes one child from the list of the low figures of starvation.

Each contribution to the Hoover relief fund, however, enables the state to feed one child. Each contribution to the Hoover relief fund, however, enables the state to feed one child.

WOMEN IN PLACE OF MEN.
Government statistics show that in the industries where before the war men were exclusively or chiefly employed, not one woman in employed for every three men.
With such a great new force of female workers, it is easy to see why school teachers are so scarce, also why there are very few housemaids to be had. Women can do without housemaids if necessary, but no community that tried to do without school teachers ever continued a big factor in world development.
The advent of this new force of workers in the business field creates a form of competition with which indolent and careless men must reckon. The women workers in their new occupations are reported as conscientious, studious and punctual. The "less work and more pay" crowd will do

well to keep their eyes open and brains working during business hours anyway.
From the amount of hair tonic now being sold, one would think that the entire American people had become baldheads.
Anyway if they increase the size of congress, there won't be so many politicians hanging around their home towns.
The government needs one or two thousand superfluous employees to see that the rest of them don't work too hard.
Also the gun makers will do a rushing trade as long as this holding outness continues.

ARE WE APPROACHING NORMAL TIMES.
Columbus Dispatch
Chairman E. H. Gary, of the Steel Association, has been analyzing the business and industrial situation in the United States and believes that there are better times just ahead.
"The problem of unemployment," he says, "will be met by the increase of production, and the result will be that there is money to pay for all the goods that are produced. The result will be that there is money to pay for all the goods that are produced. The result will be that there is money to pay for all the goods that are produced."

THE BOY CALLED BAD.
Columbus Dispatch
Mr. Anniston, prominent in Boy Scout work, is probably right in a general way when he says there is no such thing as a naturally bad boy. He says that a boy is made, not born, and that the influence of his surroundings is the determining factor in his character. BORROWED HUSBANDS

IX.—A Disturbing Tea.
"I really think, Nancy, that you should stop up this big apartment now that you are alone," explained Peggy hastily. "What were you people talking about?"
"Nothing," spoke up Mrs. Stanley calmly. "I'm not going to a real subject, but I don't think Mrs. Burdard ought to take a smaller place. Michael is much too busy for her in a large house like this and it must be filled with all kinds of memories."
"On Constance's approach, Peggy, 'Nancy isn't a divorcee—she's a girl widow.'"
She glanced pointedly toward her former spouse, who, as pointedly, avoided her gaze.
While a strained silence prevailed, Nancy's maid entered with a yellow envelope in a silver tray.
"The boy is waiting—if there is any answer," she murmured to her guest. Nancy tore open the envelope and unfolded the slip.
"Why?" her face lit up magically. "It's from George."
She broke off with a glance at Constance, and added, after a moment's hesitation: "It's from an old chum of ours, Constance."
She handed the message to Mrs. Stanley, who read it with raised brows. "Really? How interesting! Are you going?"
"Nancy looked uncertainly at her guests.
"I could just as well go if I ——" she stopped, but Mrs. Desmond, quick to sense her state of mind, rose quickly.
"If we all agree," she finished for her, "I judge it's your train you're meaning to catch. Mr. Burdard. Can I do anything for you?"
Nancy thanked her prettily, smiling with well-assumed vexation as her guests gathered up their wraps.
"It's too bad," she protested, "but this wire is an old school friend who is leaving for the theatre, and I'll just have time to say goodbye in Chicago if I go the Lakeside Limited this evening. We are—very fond of each other."
The two men were unsuspecting, but showed little for Lewis was nobody's fool. She sent Nancy a comical wink out of the eye of the farthest side of her former husband as she murmured: "Such a nice girl, Nancy. Give my love to—George, I mean."
Major Desmond contrived to drop behind the others as they passed out of the drawing room.
"You're sure there's nothing I can do?"
"Nothing, thank you," smiled Nancy. "At least let me drive you to the station when you're ready," he pleaded.
Nancy hesitated. It was ridiculous to refuse. He knew that she HAD to drive to the station, and why not with him rather than alone?
She nodded a quick acceptance.
"At 5:30, then?"
He was off without further adieu.
Nancy looked after him for a moment, then picked up the crumpled telegram and re-read it.
"Ship sailing to be delayed two days on account of strike. Come to Chicago and spend time with me here. Signed: George."

NOTHING
WRONG EXCEPT
"RUN DOWN"

Heart All Right—Lungs All Right But
Blood Weak.

NO ENERGY OR ENTHUSIASM

That's When You Need Pepto-Mangan
—The Red Blood Builder

When you feel weak and almost sick,
see a doctor and find out what is
wrong.

It may be a serious illness. But in
many cases the doctor finds nothing
really wrong except a general run-
down condition due to the need of
stronger, richer blood.

For over thirty years physicians
have recommended Gude's Pepto-Man-
gan to restore weakened blood to its
normal healthy state.

Pepto-Mangan imparts to the blood
the elements it needs to build up vig-
orous men and women. Children whose
blood is impoverished become listless
and pale and fail to thrive. Pepto-
Mangan creates a supply of nourishing
red blood that makes the cheeks glow,
the eyes sparkle and brings back the
energy for play or studies.

Pepto-Mangan is obtainable in liquid
or tablet form, whichever proves most
convenient. Both forms possess iden-
tical medicinal qualities.

There is but one genuine Pepto-
Mangan and that is "Gude's." Ask
your druggist for "Gude's" and look
for the name "Gude" on the package.
If it is not there, it is not Pepto-Man-
gan.—Advertisement.

Honolulu, Jan. 12.—Raw sugar prices
during 1921 may drop to 3 1/2 cents a
pound, according to Fred L. Waldron,
prominent business man of Honolulu,
who has just returned from the main-
land. Mr. Waldron said:

"While we can hope for 3 1/2 cent

about the time of ordinary vision to
make plans against 3 1/2 and 4 cent re-
sults."

BETTER THAN
WHISKEY FOR
COLDS AND FLU

New Elixir, Called Aspironal,
Medicated With Latest Sci-
entific Remedies, Used and En-
dorsed by European and Amer-
ican Army Surgeons to Cut
Short a Cold and Prevent
Complications.

Every Druggist in U. S. Instruct-
ed to Refund Price While You
Wait at Counter If Relief Does
Not Come Within Two Minutes.

Delightful Taste, Immediate Re-
lief, Quick Warm-Up.

The sensation of the year in the
drug trade is Aspironal, the two min-
ute cold and cough reliever, authorita-
tively guaranteed by the laboratories;
tested, approved and most enthusias-
tically endorsed by the highest authori-
ties and proclaimed by the common
people as ten times as quick and ef-
fective as whiskey, rock and rye, or any
other cold and cough remedy they have
ever tried.

All drug stores are now supplied with
the wonderful new elixir, so all you
have to do to get rid of that cold
is to stop into the nearest drug store,
hand the clerk half a dollar for a bot-
tle of Aspironal and tell him to serve
you two teaspoonsful with four tea-
spoonsful of water in a glass. With
your watch in your hand, take the
drink at one swallow and call for
your money back in two minutes if
you cannot feel your cold fading away
like a dream within the time limit.
Don't be bashful, for all druggists in-
vite you and expect you to try it.
Everybody's doing it.

When your cold or cough is re-
lieved, take the remainder of the bottle
home to your wife and babies, for As-
pironal is by far the safest and most
effective, the easiest to take and the
most agreeable cold and cough remedy
for infants and children.—Adv.

HERBS USED IN MEDICINES.
A Manchester, England, paper urges
the renewed cultivation of old fashion-
ed medicinal herbs in English gardens.
In the United States they have also
gone out of fashion as a feature of the
small garden, although they are im-
ported in large quantities from Tur-
key, India and China, where they are
grown purely for commercial purposes,
as their medicinal value is recognized
by many leading physicians. Tons of
medicinal herbs are used annually in
the preparation of Lydia E. Pinkham's
Vegetable Compound, a most success-
ful medicine for woman's ills. It con-
tains no narcotics or harmful drugs,
and women afflicted with such ail-
ments should try it.

FOHL STAGES A REAL COME BACK

Only "Bushier" Given a
Chance to Take Second
Managerial Job In Same
League.

Cleveland, Jan. 19.—Lee Fohl, appointed manager of the St. Louis Americans for 1921, probably is the only "bushier" who ever had a chance in a managerial job in the American League who was dropped and then recalled to take the reins of another club in the same circuit. According to Tim Stuckey, who relieved Fohl as manager of the Cleveland Americans, the new leader of the Browns is "one of the smartest men and keenest students of baseball I have ever met."

Fohl expects to take two Cleveland American League managers in 1919, when he succeeded Joe Baumgardner as pilot of the Cleveland team. He did little but experiment that year and the team finished in seventh place with a record of 66-73. The club won 17 games and lost 74.

The next season the team finished in sixth winning 77 and losing the same number of games.

The 1917 season found the Browns coming into their own winning 85 and losing 66 games for a mark of 571, which gave them third place. During the abbreviated season of 1918 his team finished in second place with a mark of 775 winning 73 and losing 54. The consensus of opinion among baseball fans was that had the season gone the limit Cleveland instead of Boston would have won the pennant.

It was in 1919 that Fohl, Ruth, but not Fohl out of the league. Fohl's resignation came on July 19, 1919, at 1:30 p. m. having had 140 men and had with three fielders on the bases and the score 4 to 1. Fohl recalled Fred Coughlin, a southpaw who had not worked a month into the game, to make the mistake of trying to lead Fohl with a home run and Fohl pointed the ball over the screen for a home run winning the game by one run.

The fans had been telling Fohl out after this incident he decided that it could be too hard to continue as manager.

Fohl is a great developed player among those profiting by his three years' study of the game. He played for the St. Louis Browns, Cleveland Americans, and the Cleveland Indians. Through Fohl's study of opposition players, it is said he was able to tip off his own players as to the high points of the pitcher's best when to expect a curve, fast ball or splitter.

Fohl expects to take two Cleveland Americans to St. Louis for trials. They are First Baseman Harry Finner and outfielder Max Baer.

Fohl's first as a professional career started with the Browns in 1910. He took to make good with Greenwald in 1911 and during that and the next season he played semi-professional ball in Homestead, Pa., and Youngstown, O.

ST. LOUIS AMERICANS HAS HAD 8 MANAGERS

St. Louis, Mo., Jan. 19.—Lee Fohl, 1921 manager of the St. Louis Americans, is the eighth to manage the club. He has had since 1910, the league in 1902. Of the seven who preceded him only two took place in the last division with the team.

Jim McAleer had a second place in 1902 when the highest percentage ever made by the Browns, 574, was established. In 1908 he piloted the organization into fourth place and it was not until the 1920 season that it finished in the first division, capturing fourth place under the leadership of Jimmy Burke.

McAleer served the longest term—from 1902 to 1909, inclusive—and in the following 11 campaigns six managers had their turn. Jack O'Connor, Fohl, Wallace George, Stovall, Branch Rickey, Fielder Jones and Burke.

Between 1909 and 1911 when Rickey took up the reins the Browns never finished higher than sixth and twice ended in the last place, the seasons average of 1911 being 296. This was the lowest in the club's history.

CARNEY BACK IN UNIFORM

Urbana, Ill., Jan. 19.—Basketball hopes at the University of Illinois kept up with the appearance in uniform of Charles Carney, former All Western center, who has been unable to practice because of a badly sprained leg. Carney, who was practically a unanimous choice for All American in end at the close of last fall's football season, was injured in the Western Conference championship game with Ohio.

Possibility that Carney may get into conference games late this month was expressed by basketball followers. He is still wearing a plaster cast on his knee, but although forced to walk with a limp, has lost none of his old time accuracy in shooting baskets.

With Carney back at the pivot position, Coach Winters believe she will have a real championship contending team. Rickey has been a pleasant surprise at center, but is regarded as a little slow for Big Ten competition. Captain Earl, Alce Wadquist and Col. has all in good condition and are having a strenuous practice session in preparation for the Big Ten final game.

ILLINOIS RUNNERS WORKING

Urbana, Ill., Jan. 19.—Track preparations for the spring season at the University of Illinois are under way. A large squad responded to Coach Harry C. Gill's first call for practice. The Orange and Blue runners will meet Steve Lamm in February for the first indoor meet.

The big event of the indoor season will be the Relay Carnival on March 5. It will be staged in the big Illinois Armory, which provides the best indoor under track in the middle west.

SEWELL TO BE LEAD-OFF MAN.

Cleveland, Jan. 19.—For Sewell, Cleveland's recent shortstop, who so ably filled the position left vacant by the tragic death of Ray Chapman, is slated to be lead off man for the Indians during the 1921 campaign.

Manager Frits Speaker intimates that if Sewell comes through the training trip as well as is expected he will try to put out in the batting position held so many years by Jack Grimes.

Sewell batted 329 during his 22 games in 1920 and drew nine bases on balls.

"DOC" JOHNSTON HAS BOWLING TEAM.

Cleveland, Jan. 19.—Doc Johnston, first baseman of the world's champions, has organized a bowling team called the Indians. Other members of the team are Jack Grimes, Steve O'Neill, Bill Wambegans and George Uhle, all members of the world's champions. Doc Smallwood, trainer of the baseball team is an extra man.

WHICH OF THE NEW MANAGERS WILL SUCCEED, WHICH FAIL?

Left to right, above: Fred Mitchell, manager of the Braves; Ty Cobb, pilot of the Tigers, and Johnny Evers, Cub manager. Left center: Wild Bill Donovan, Philly leader. Below: George McBride, Washington manager; Lee Fohl, who'll boss Browns; and Hughie Duffy, Red Sox pilot.

Seven major league clubs will be led by new pilots when the old Johnnies bid their last April. Four will be seen in the American and

three in the National. And fandom has plenty of food for discussion in trying to dope out which ones will deliver and which

ones will be asked to vacate after failing to come through Cobbs' advent a the most interesting change.

January 17 to 23

"Spend Less
Than
You Earn"

In spirit with the wisdom of Benjamin Franklin, the nation will, on January 17th, his birthday, unite in a general effort to extend and spread the gospel of thrift. The program extends over a one week period and each day of that particular week is set aside to emphasize one particular phase of true thrift, as follows: Monday, National Thrift or bank day; Tuesday, Budget day; Wednesday, National Life Insurance day; Thursday, Own Your Own Home Day; Friday, Make A Will Day; Saturday, Pay Your Bills Promptly Day; Sunday, Share With Others Day.

The Newark Trust Co. will co-operate heartily in the movement for the nation's uplift. And it urges you to co-operate heartily too by "spending less than you earn."

**COUNTY CHURCHES OF
CHRIST HOLD MEETING**
The Licking County Churches of
Christ held a joint meeting Tuesday at
the Central Church of Christ of which
Rev. J. McCartney is pastor. The
meeting opened at 10 o'clock and was
conducted by Rev. E. W. Thornton
president of the association. Rev. Mr.
McCartney is vice president.

There was a large attendance from
over the county and 11 churches were
represented. The theme of the day
was "The Country Church." A splen-
did program was given. Rev. F. M.
Eby of Hebron gave an address. His
subject being "The New Religious
Awakening." S. E. Hoover of Croton
gave a paper on "Should the Country
Church be abandoned?" Mrs. Voorhes
of Hebron conducted the round table
on "The Religious Problems of the
Country Woman."

Rev. F. S. Sutton of Crooksville was
among those who attended the meeting.
The music was in charge of Prof. J.
A. Joyce of Columbus who is conduct-
ing a revival at Perryton. Rev. Mr.
Thornton baptized Mr. Joyce 31 years
ago in his first pastorate, and also mar-
ried Mr. Joyce.

At noon dinner was served by the
ladies of the Central church. The meet-
ing closed at 3:30. The next meeting
will be held in April at the Eden church.

**ASK COURT TO ANNUL
COMMON LAW MARRIAGE**

Jane Klotz filed suit for divorce from
Charles S. Klotz, a common pleas
court yesterday through her attorney,
D. G. Smythe. The petition states that
by mutual agreement the couple be-
came man and wife and that they have
lived together for nearly 14 years. Mrs.
Klotz charges desertion on January 1,
1921, and on other occasions previous
to that. She seeks divorce and asks
the court to affirm the agreement made
privately concerning the division of
the couple's property.

**BRESNAHAN ASKS
DRAFT FOR A. A.**

Declares He Will Appeal to
Judge Landis to Amend
Resolution to Allow Indi-
vidual Clubs to Make De-
cision.

Toledo, Jan. 19.—Roger Bresnahan,
president of the Toledo Baseball Club,
of the American Association, filed a
petition yesterday with Judge J. M. Landis,
chairman of the national commission, for a
ruling on the possibility of the Toledo
club accepting the draft.
The American Association of which
Toledo is a member and the International
League, refused to accept the draft
last week at the joint meeting of major
and minor leagues in Chicago. This
Bresnahan claims is baseball suicide for
the class AA leagues.
"President Hickey voted against the
draft, but I am in favor of it. I hope
to amend the resolution adopted, so in-
dividual clubs, not leagues, shall de-
cide whether they shall accept the draft or
not," Bresnahan said today.

"In two years the American Associa-
tion and International League will not
have any players. Right now the ma-
jors are sending their best men to the
Pacific coast league, which voted for
the draft. Hickey and Jack Dunn, own-
er of the Baltimore club wanted to keep
outside the draft, but I don't recognize
the right of any man to tell me how to
run by ball club. If the majors want
to draft players from the Toledo club
the year do so, and if I want to draft
from class A and clubs in lower classi-
fication, I want the right to do so.
Others feel as I do about it. Hickey
did not vote my sentiment when he
voted to refuse the draft. In two years
every ball player in the minors and in
the colleges will be owned by major
league clubs. They will be placed with
clubs in leagues which accept the draft.
Our league and the International will
be at the end of a blind alley. Refusing
the draft was the most senseless play
ever made by baseball men, in my
opinion."

**EDEN TOWNSHIP TO
HOLD APPLE SHOW**

The Eden township Farm Bureau
members are planning to hold an apple,
corn and poultry show at Purity, all
day Wednesday, January 26. All the
members are requested to bring at
least one display. There will be special-
ists present to talk on the three differ-
ent lines and as the show is a new
venture a large attendance is desired.

**WILL ASK ADVANCE
TO PAY TEACHERS**

At the meeting of the Board of Edu-
cation at the High School last night by
formal action of the board the school
children of the city will be asked to
make a tree will offering to aid the
starving peoples of Europe.
The payroll for teachers and officers
salary for the month of January was
authorized by the board and a resolu-
tion adopted asking County Auditor
Wilson for an advance in money in order
to take care of the payroll. Almost
\$30,000 is needed for this purpose.
Superintendent O. J. Barnes acted as
clerk at the meeting in the absence of
Clark Ben Montgomery, who is reported
as ill at his home.

**WELSH MALE CHOIR
SINGS HERE FEB. 23**

The Mountain Ash Welsh Male
choir, which has a reputation of being
one of the highest class musical or-
ganizations touring the country, will
be heard at Newark, February 23.
The choir has been secured under
the auspices of the men of the Ply-
mouth Congregational church and will
sing at the high school auditorium.

NEGRO POPULATION.
Washington, Jan. 18.—Cleveland,
Ohio, had a negro population of 34,474
at the time of the 1920 census, the
census bureau announced today. This
was an increase of 26,026, or 308.1 per
cent. The white population was 762,
005, an increase of 210,040 or 32.1 per
cent and all others 352.

Nary a point did the Midland squad
get last night in its game with the
Heisey aggregation at Hickey Hall in
the Y. M. C. A. Industrial Basketball
league. This is the first goose-egg
game of the season in either of the
leagues. The shoe boys had five chances
from the foul line to break the jinx but
the old boy had cast a mystic veil over
the hoop which stuck despite the fact
that one of the forwards clearly cleared
the ring of the invisible coverings.
Ramon and Hunter went wild in basket
finding.

The second contest was in the na-
ture of an exhibition affair but it was
one of the classiest games for excite-
ment of the year. At the end of the
first half the A. E. C. Seconds led with
a 12 to 8 score. The second period
played 6 minutes before a score was
made then Keck tossed one in for the
count of 10. Shortly after Keck tallied
another tying the score. Vanderebark
squeezed one through the hoops for a
rev point and then fouled. Dean mis-
sed the free shot. Keck again lifted
one in the ring for a tie. Day fouled
and Schlottter missed the throw. The
game ended and another five minutes
period followed. The struggle was hard
with many hard luck shots on both
sides. Schlottter fouled and Cook drop-
ped the winning point through the ring
and as the Iver Johnson barked an-
other high toss by Keck was in the air
and found its way through the iron
ring for a clinching win making the
score 17 to 14.

**ACCEPTS \$2500 IN
SETTLEMENT OF SUIT**

The case of Earl Hayes vs. the Coun-
ty Commissioners which has been on
trial before a jury in common pleas
court for the past two days, was settled
by agreement of the parties yesterday
afternoon. It is understood that Hayes
accepted \$2,500 from the commission-
ers in settlement of the case.
Suit was brought for damages sus-
tained to a tractor and equipment
which went through a steel bridge near
Homer.

Chicago Grain Review.
Chicago, Jan. 19.—Bears found sup-
port lacking in the wheat market to-
day and forced a material set back in
values. More or less of the weakness
was ascribed to a traditional view that
as a rule January is a month of declin-
ing prices. Apparent nearness of en-
larged shipments from the southern
hemisphere counted also as a depress-
ing factor. Opening quotations which
ranged from 3-4 cents to 1-2 cent low-
er with March \$1.73 1-2 to \$1.74 and
May \$1.66 1-2 to \$1.68 were followed by
additional declines and then something
of a rally.

Liberal receipts acted as a weight on
the corn market. After opening 3-8 to
3-4 cents lower, including May at 69
to 69 1-4, prices continued to sag.
Oats went to the lowest price this ses-
sion, starting unchanged to 1-4 @ 3-4
cents down, May 45 1-4 to 45 1-2 and
then weakening all around.

Owing to absence of any special de-
mand, provisions tended lower, despite
firmness in the hog market.

Wall Street.
New York, Jan. 19.—Speculative is-
sues, particularly those which featur-
ed yesterday's late rally, were active
and strong at the irregular opening of
today's stock market. California Petrol-
eum, General Asphalt and Manhattan
Elevated were the outstanding issues,
rising one to two 1-4 points in the
first few transactions. Candidate Pa-
cific, American International, Ameri-

can Smelting, American Woolen, Corn
Products and U. S. Rubber gained large
fractions. Offsetting features com-
prised American Sugar, American
Car, Republic Steel, Northern Pacific
and Food Products at reactions rang-
ing from fractions to a full point. Ex-
change on London forfeited part of
yesterday's extremes advance.

Excepting rails which were dull and
little changed, the market broadened
and strengthened on extensive pool op-
erations during the morning. Oils ad-
vanced two to four points with Hous-
ton oil as the outstanding feature. Gen-
eral Electric representing the equip-
ments at a four point advance. Motors
rose one to 2 3-4 and the independent

steels, as well as coppers and shippings
gained one to two points. Conspicuous
specialties included International Pa-
per, Industrial Alcohol, Sears-Roebuck,
Worthington Pump, Beet Sugar, Cuban
Cane Sugar, Tobacco Products and Re-
tail Stores, these rising one to three
points. On the exchange, call money
opened at six percent, but this was
shaded in private offerings.

\$239 FINE FOR SMOKING.
London.—For smoking on a tank
steamer at Thames Haven while benzol
was being discharged Kemmal Olsen,
mate, was fined \$250. The magistrate
said he had grave doubts whether he
ought to send the man to prison.

What Is Oakoal?
OAKOAL is a patented Fuel
Tests conducted by Armour & Co., of Chicago, and many other experts, including Dr.
A. B. McCallum, chairman of the Research Bureau of Canada, the Canadian Department of
Mines, and Prof. Angus of Toronto University, for Fuel Controller McGrath, prove its com-
bustible properties, its burning duration, and its heating capacity all to be superior to the
finest grades of coal.
"OAKOAL" IS COMPOSED AS FOLLOWS:
City garbage and waste.....50%
Mine waste or coal dust.....45%
Tar.....5%
"OAKOAL" burns to a very fine ash, which according to government tests, contains
1.95% potash. "OAKOAL" give 98% efficiency while the best grades of coal have only
shown 72% efficiency.
YOU WANT WEALTH, COMFORT, HAPPINESS
All these things are possible to you, even though your investments are small. Do not
think that because you have not a large fund that you cannot make investments that will
eventually give you wealth. Most of the self-made wealthy men of the past and present at
one time had little ready cash, less than the average men and women of today; but they
made use of their opportunities and continued in that direction until their ambitions were
realized.
FORTUNES STARTED WITH SMALL INVESTMENTS.
There is nothing gained in hoarding a few dollars, but a few dollars or a few hun-
dred dollars wisely invested will start you on the highway to success; and your profits
reinvested will eventually give you that return in wealth of which you have dreamed. Little
investments grow into large fortunes, but you must make the investment; it must be made
in a good thing and at the right time.
**A HUNDRED DOLLARS INVESTED IN THE RIGHT PLACE AT
THE RIGHT TIME WILL EARN AS MUCH AS A MAN STEADILY EM-
PLOYED.**

U.S. FARM CROPS WORTH 10 BILLION

Department of Agriculture Statistics Show Texas Is In Lead.

Ohio Drops From Eighth To Ninth Place, Figures Show.

Washington, Jan. 18.—All farm crops of the country were valued at \$10,405,015,000 last year, based on December 1 prices paid to producers, the department of agriculture has estimated. That compares with \$16,035,111,000 in 1919 and \$10,156,425,000, the live-year average, 1914 to 1918, inclusive.

Texas maintained its place as producer of crops of greatest value with a total of \$727,400,000, which was half a billion dollars less than in 1919. Iowa obtained second rank with \$438,191,000, Illinois only slightly behind Iowa, continued its place as third with \$459,173,000.

California jumped from tenth into fourth place, held in 1919 by North Dakota, with \$457,750,000. New York went into fifth place from 14th rank with \$456,507,000. North Carolina dropped into sixth place with \$412,374,000.

Pennsylvania went forward into seventh place from 16th rank the previous year with \$397,617,000. Kansas dropped from fifth rank into eighth place with \$378,436,000. Ohio dropped from eighth rank into ninth place with \$369,869,000. Wisconsin moved into tenth place from 18th rank with \$360,270,007.

Missouri dropped from ninth rank into 11th place, with \$343,012,000. Georgia dropped from sixth rank to 15th place with \$322,220,000.

The other states according to rank and the value of their farm crops for 1920 follow:

12—Nebraska	\$306,463,000
13—Iowa	\$438,191,000

IODINE HEALS RUNNING SORES, QUICK RELIEF

Old Sores, Abscesses, Boils, Ringworms, Chronic Ulcers, etc., are best treated and most quickly healed by the application of Iodine, says a well-known authority who also states that the wide-spread use of Iodine in army medical corps, has thoroughly proved its great value. He warns, however, against the use of common tincture of Iodine, because in this form it irritates and stains the skin. The new form of Iodine—Lanolinized Iodine—is the best for such purposes. This comes in the form of an ointment and is practically stainless, will not irritate, and is readily absorbed by the tissues. In the Lanolinized form, Iodine is easy and pleasant to use and every disagreeable feature has been removed. It quickly penetrates, soothes, cleanses, and heals and is really delightful. Nearly all local druggists now sell and recommend Lanolinized Iodine. Try it. We believe nothing you have ever used will prove so effective and satisfying.

A HOME TREATMENT FOR ASTHMA

Makes Breathing Easy

A Worcester, Mass., doctor has suggested the following simple, harmless and inexpensive home treatment for bronchial asthma, chronic bronchitis and coughs and colds which threaten to affect the lungs.

At W. A. Egan's or Evans' Drug Store, or any reliable druggist get a bottle of Oxidize (essence of) tablets and slowly dissolve one tablet in mouth at regular intervals. Though harmless and pleasant they are so powerful in their action that even in stubborn cases relief often comes in just a few minutes.

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take an Oxidize tablet when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Druggists everywhere are selling Oxidize tablets on a positive guarantee to refund the full purchase price of the first package if it fails to give prompt relief in any case of Bronchial Coughs or Asthma.

CITY IS DOTTED BY MANY FIRES

Worcester, Mass., Suffers Billion Dollar Loss in Blaze Which Drives Hundreds Into Zero Weather.

Worcester, Mass., Jan. 19.—This city was dotted by fires early today with a loss that is upwards of \$1,000,000. A fire in a business building on Main street, heavily stocked with merchandise, was burned out a few blocks south of City Hall, a score of tenement structures were over-run by sparks that caused roof blazes and fires at the Hancock and New Market hotels situated between the business and the tenement district prepared to follow the tenement owners into the zero temperature of the streets. While the epidemic of flames engulfed all the city's apparatus, another fire spot developed several blocks north of the city hall at North Tower and Union streets where the wood working plant of the M. K. Smith Corporation was burned with a loss of \$100,000.

The origin of the principal fires was not definitely determined but the police said that the heaviest and the most suspicious of incendiaries.

The fire started in the tenement known as the heart of the city and this was quickly laid waste. The fire then spread across Main street to a group of three-story buildings.

In a short time the fire was reported from all quarters of the city and reports of incendiary fires were flying out of the fire apparatus in this city and also from Boston and nearby towns.

One of the fires was in a group of three-story wooden structures in the lumber district and threatened three-story wooden yards. This blaze began in the rear of one of the structures, and in the adjoining building firemen found a flaming suit case in the front door.

As far as known there was no loss of life but there was one sensational rescue. Lewis G. Klinghorn, manager of an automobile agency was rescued from a window ledge on the seventh floor of the Knowles building. A 75 foot extension ladder was put up and he was lowered down by firemen.

The fire area was too great to be adequately covered by the city's fire fighting forces and Boston, Clinton, Middleboro and Andover were called upon to send additional apparatus. The flames started at the rear of the Worcester News building but were kept away by a curtain of water.

The correspondent of the local press, the paper's press room and its composition and spelled a large quantity of news print.

The first fire started in the Knowles building at Main and Chatham streets, two blocks south of city hall. A high northwest wind, picked up the centers and scattered the fire over the corner of the city.

KRESGE SYSTEM SUBJECT OF ROTARY CLUB TALK

Rotarian Charles Pfeiffer, manager of the Kresge store here gave an interesting talk on the five and ten cent store and its methods of doing business. He traced the beginnings of the business and gave a historical sketch of the life of S. S. Kresge, president of the company, and also traced his own career with the company, starting here seven years ago in the store room of the store and working up to his present position. Mr. Pfeiffer stated that the company did a \$50,000,000 business a year with 150 stores.

Guy Watkins, general manager of the Newark Telephone company, was taken into membership in the club and welcomed with a very attractive talk on Rotary by Rev. Charles Jones.

Rotarian Frank H. Had, president of the committee on Education gave a two minute talk on the "Application of Rotary."

James T. Abbott, the guest of Rotarian W. L. Haynes, entertained the members of the club with two orations. President Jones announced that during the past year the club had received 12 badges during the past year will be entertained by the club at their regular luncheon. He announced Rotarians Sully, Robinson, Harp, Speck, Neigher and Harte had taken on the first six principles of Rotary. Each man was assigned one principle.

FARMER TELLS HOW REDUX HELPED HIM

Aches and Pains, All Gone—Feels Like a New Man.

Redux the new World Tonic is free from narcotics or habit producing drugs. It has proven to be a highly efficient remedy for persons suffering from stomach, liver and kidney trouble, nervousness, rheumatism, sleeplessness, loss of appetite and for persons in a rundown or weakened condition.

Hundreds of prominent Newark people have endorsed Redux and have expressed their gratitude for the relief it has given them.

Daniel Rust, a well known farmer, living at Rural Route No. 1, North Hampton, O., says:

"I suffered a great deal from stomach trouble and rheumatism. After eating my food would feel like a lump of lead on my stomach, causing distressing pains. I had a very poor appetite and quite frequently had pains and aches in every joint of my body. I was very nervous and restless and my sleep was broken as I always woke up several times during the night.

"I was in a miserable condition, generally and almost despairing of getting my health back. I read about Redux in the Springfield papers and started to use it.

"I am very grateful at the result; my nerves are quiet and I now sleep and eat well. The heavy feeling I experienced on my stomach has entirely gone and I feel like a new man.

"I want other people to know what Redux has done for me and what it does for them if they give it a chance."

Redux is on sale in Newark at Egan's Arcade Drug Store, Evans' and all first-class druggists.

HALE SLATED FOR STATE FAIR MANAGER IS REPORT

Columbus, Jan. 19.—L. J. Taber of Barnesville, manager of the Ohio State fair, has been tendered the appointment as secretary of agriculture to succeed N. D. Shaw of Columbus. It is now known today. A committee of the Ohio State Fair, headed by Messrs. Y. Cooper, Cincinnati, waited on the governor today relative to appointing a secretary of agriculture for the place. Other appointments in the department of agriculture were discussed with the governor by the fair manager. Mr. D. H. Newark newspaper man is said to be slated for state fair manager, succeeding E. V. Whitson of Columbus.

ELI HULL LEAVES THIRD OF ESTATE TO HIS WIDOW

Mrs. William W. Wehrle, Daughter and Miss Mary C. A. R. L. Granddaughter Share Equally In Remainder of Property.

By the will of Eli Hull, which was filed for probate yesterday afternoon in the probate court, Mrs. Laura Wehrle and Miss Mary C. A. R. L. Hull, daughter of the estate, left by Mr. Hull, the will, which was dated June 14, 1920, names H. L. McDonald as administrator and trustee with bond and contains seven clauses which he is ordered to carry out.

The condition of the will are first that all debts be paid, second that the Hull residence on West Main street be given to Mrs. Wehrle, E. Hull and that an income sufficient for her needs be provided during her life time, third that the property in the city of Newark be sold at private sale and the money so applied on the indebtedness of the estate, fourth that the property given to Mrs. Anna M. Harris of San Francisco, fifth that one third of the estate after all debts are paid be given to Mrs. Hull during her life and after her death be divided equally between Mrs. Laura Wehrle, Mr. Hull's daughter and Miss Mary C. A. R. L. Hull, his granddaughter or to their descendants. In case they are not living or that no descendants were living the estate was to go to the city of Newark for the support of the City Hospital, sixth that the Hull building on North Third street be not sold during the life of Mrs. Wehrle or Miss Carl and that they share equally in the income from the building. In case they or their descendants were not living the property was to be sold for the support of the City Hospital and in case of a surplus the remaining money was to be used as the city thought best. Seventh that H. L. McDonald be appointed administrator and trustee of the estate. The will was witnessed by Rita Cline and D. H. Murphy.

MIGRATORY BIRD LAW SAVES ON MEAT BILL

Washington, Jan. 19.—The passage of the migratory bird treaty act, it is estimated, has resulted in a total return in actual food value to the hunters of the United States, of more than \$20,000,000. State officials have notified the biological survey of the United States department of agriculture that in Minnesota alone hunters reported that they had killed in 1920, as each of these birds may be considered to have a food value of at least 75 cents, the total return from them in food to this one state was about \$1,500,000. If it had been possible to sell these birds, they would have brought twice that amount. The great value of game to the country is thus made evident.

That the passage and enforcement of the law preventing spring shooting and marketing of migratory game birds is now producing excellent results is pointed out by officials of the biological survey. Without such restrictions they say the game birds not only would be greatly reduced in numbers but in many instances would be brought near extinction. The biological survey, which is enforcing the enforcement of the federal law and regulations on the migratory birds, is receiving reports from all sections of the country showing that with the protection now enjoyed by the birds, their numbers are increasing each year and that they are returning in spring to numerous breeding grounds which they have deserted for several years.

In addition to the food value of the game thus assured by continued protection, the restrictions on shooting make the law tend to perpetuate hunting as a sport. This has a potent value through outdoor pursuit in building up the physical health and strength of the more than 7,000,000 hunters in the United States who go out with their guns every fall.

GRASS FIRE THREATENS PLANT

The Newark company and the squad wagon from the Central company answered a call to the Hamilton Car company plant on Williams street last night at 5:40. The fire which was caused by sparks from an engine, was burning the grass along the railroad tracks adjacent to the car works. The fire was quickly put out with no damage.

RISK DENIED VENUE CHANGE

Columbus, Jan. 19.—Change of venue was denied to Forrest S. Risk, Columbus architect accused of highway robbery. The jury disagreed at his first trial.

BIG ELM TAKEN DOWN FOR SAFETY

Tree Surgeon Advises Its Removal After It Fails to Respond to Treatment—Dead From Forks Up.

As a measure of precaution against a possible accident the large elm tree in the southeast corner of the courthouse park was removed Monday upon the orders of Service Director Gilchrist.

The tree was pronounced a menace to safety after examination by three persons having knowledge of such matters. Gilchrist said today. One of the diagnosticians was Mr. Folkeston of Columbus who has had charge of all the tree surgery work done in the courthouse park in the past several years. The tree was treated about four years ago but it failed to respond to treatment and last summer only a small section produced leaves. When it was taken down it was found that only a small portion of the wood at the forks was alive, though the trunk at the bottom seemed in perfect condition. For years that the tree might come down during a heavy wind storm and that injury or serious damage might result Director Gilchrist ordered the tree removed.

CORN IS KING OF U. S. CROPS

But Yield Was Worth Only \$21 Per Acre, While Hop Yield Was Worth \$486 Per Acre.

Washington, Jan. 19.—Corn, king of crops, produced an average only of \$20.93 an acre to farmers, based on December 1 farm prices while hops produced \$486.40 an acre according to a report of the country as a whole issued by the Department of Agriculture. The value per acre of hops in 1919 was \$874.75, while corn's average value per acre was \$38.49. With the exception of rice, cranberries, soy beans and sorghum syrup, the average value per acre last year showed heavy reductions from 1919 because of the declines in prices.

Wide variation is shown in the value per acre of the various crops, while the averages for different states show a broad range for each crop. The average farm value per acre of the important farm crops as estimated by the Department of Agriculture for last year and for 1919 follows:

Crop	1920	1919
Corn	\$20.93	\$874.75

NEWARK MAN SLIGHTLY HURT IN TRAIN WRECK

Mrs. Mary E. Dime of North Twelfth street, sister of Frank Weiss of Chatham, who was injured in the Pennsylvania wreck at Greenville yesterday afternoon, received word from her brother, who was taken to a hospital at Richmond, Indiana, that he was suffering from a badly wrenched back but had no serious injuries.

Mr. Weiss, who was on his way to Los Angeles to visit his brother, N. A. Weiss, a former Newark man, was the only Newark man to purchase a ticket and board the train here yesterday morning.

GRANVILLE

(Speech to the Advocate.)

Mrs. M. M. Shoemaker and her mother, Mrs. Dolman were hostesses to the Fortnightly club last evening. The social committee, Mrs. G. E. Jones, Mrs. H. G. Scheldt and Mrs. E. F. Robinson served a 6 o'clock dinner to the club members. The following officers were elected for the year: President, Mrs. Jerry Ackley; vice president, Mrs. Hopkins; secretary, Miss Carpenter; treasurer, Mrs. G. E. Jones; corresponding secretary, Mrs. Graham; Librarian, Mrs. Overturf; critic, Miss Clark.

Mrs. C. D. Coons and Mrs. T. S. Johnson spent Monday and Tuesday in Columbus and attended the Kreister concert in Memorial hall, Monday evening.

The Granville Grange has changed its meeting night to the first and third Friday in the month. They will be a meeting Friday evening at 7:30. A special literary program has been arranged.

Prof. Dickerman returned Monday evening from a business trip made in the interest of the college to several towns in Ohio.

The Pioneer Mending Bee meets at the home of Mrs. J. W. Ackley Thursday afternoon at 2 o'clock.

Theodore Warden of Chicago is having erected in Maple Grove cemetery a large monument to Vermont granite. The monument weighs between 30 and 40 tons and is said to be one of the largest in Ohio. Mr. Warden has purchased four lots in the cemetery and will have the bodies of his mother, father and two sisters, who died some years ago, removed to the new lot. The Warden family is one of the old families of Granville. Theodore Warden having lived for many years in one of the houses just back of the Presbyterian church.

Mrs. Atwell of Zanesville is visiting her daughter, Miss Ruth Atwell of Shepardsburg college.

Prof. and Mrs. Odebrecht entertained at dinner Monday evening Miss Akers and Miss Emerson of Shepardsburg college.

Mr. and Mrs. W. L. White and

daughter Martha Jane of Harmony were weekend guests of Mr. and Mrs. Noah Overturf.

The Travelers club met Monday afternoon in the community rooms. Miss Reese gave the Austrian paper of the afternoon on "Bush Life." Mail is delivered eight times a year and provisions twice a year, she said, and it does not appear as a very attractive place to live. The paper on "Glass Industry" was given by Mrs. Owens dealing especially with the glass industry in the United States. Many club members brought specimens of American pressed glass. There were several

the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this Golden Medical Discovery for the stomach, liver and heart. Evidence of the wonderful sale of this medicine is recorded in the books of Dr. Pierce's Laboratory in Buffalo, N. Y., showing that over twenty-four million bottles of this tonic and blood remedy have been sold in this country. No one can fight the battles of life and hold his own if his blood is not pure. No one suffers from colds, "flu" and catarrh who has plenty of red corpuscles and a good digestion. As cell-nutrition depends upon the blood, impurities in the blood, together with a lowered bodily resistance, cause catarrh. Introduce pure red blood into the system, and health is assured.

Dr. Pierce advises you, if you wish to avoid the many germ diseases, to keep your blood in good order. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send 10c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.

pieces more than 100 years old. A few pieces of Shagel ware and some old cup plates with the job cabin design and Bunker Hill designs were also shown.

The King's Daughters met in their rooms Monday evening for a work meeting. Mrs. Howard Williams led the devotional exercises and Mrs. Dierck, Miss Lily Jones, Miss Myrtle Jones and Miss Blanche Horton.

Several machine bands of Granville people went to Columbus Monday evening to the Kreister concert given under the auspices of the Woman's Music club of Columbus.

Over Fifty Years Ago

a young physician practiced widely in Pennsylvania and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in

Does Life Insurance Carry You?

That's the way to put it. There used to be an old question asked of men by their fellows and by life insurance solicitors—"Do you carry Life Insurance?" But that question is out of date. Nobody carries life insurance; the thing is an impossibility, for life insurance won't be in the position of being carried. It is no burden on any man's back. It is an automotive vehicle that carries everybody who invests in it. But let's not juggle with words—what do we mean when we say that life insurance "carries" the man who buys it?

To begin with, there is something that every decent man feels with regard to the future of wife and children that is actually a load on his mind and on his heart—a load that cripples his efficiency in other things; that either makes him reckless in his expenditures, because he sees no way of meeting adequately this problem of the future welfare of his family, or that makes him miserably and unhappy for the same reason. This load, life insurance assumes and carries in such a way as to absolutely relieve the man of his burden. It starts him out every day care free in reference to future obligations in case of his sudden death or serious illness.

Again, life insurance carries you into a first-rate habit which is hard, otherwise, to form, viz., a habit of systematic saving.

"Yes, but," you say, "a man must carry life insurance before it can carry him." This might be true if there were not so many additional things which are intensely personal, in which life insurance actually carries the individual who invests in it. For instance, a life insurance policy carries you to the door of the bank and gives you a welcome with the President when you ask him for a business loan, and you would find, if you could explore the back of his mind, that that life insurance policy had carried you very much farther into his good graces concerning that financial transaction than you could have imagined.

Again, life insurance carries you into the position of a sizable estate just as soon as the first premium is paid. This is a good big argument in favor of the man who invests.

Again, in almost every man's life there comes a time when he actually needs to be picked up and carried for a while. Something serious has happened, a big doctor's bill or an unfortunate business experience, or something of the sort, has bowled him over. At that time a life insurance policy comes along and actually puts him on his feet and starts him all over again. This, of course, is due to the loan value which life insurance policies always have after the first two years of life.

Again, although a life insurance policy hasn't as many lives as a cat, yet it has been frequently found to be alive when the man who had previously invested in it thought it had died for lack of premium payments. In the modern life insurance policy there is a provision which starts a reserve fund working after the premium fund has failed and if a man dies within a certain length of time his heirs will discover that that policy, although apparently surrendered, has full vitality,—that is to say, is payable in full to his beneficiaries.

There are many other instances in which it can be easily shown that a life insurance policy, under all circumstances, carries a man who invests in it. So it is no longer accurate to say that you carry life insurance any more than you say you carry a United States Liberty Bond, in which you have invested and which can at any time be turned into cash.

Let us ask you very seriously

Have you given life insurance the opportunity to take you along the road of success in life, releasing your energies, your time, your thought for work and for enjoyments which would be impossible if life insurance did not carry for you the big liabilities to which we have referred. If life insurance does not carry you, won't you hail the first life insurance salesman you can think of just as you would call up a taxi in order to be carried from one place to another—won't you call this man up and tell him that you want a quick trip from uncertainty to insurance; that you want to have a big load taken off your mind concerning the future of your wife and children, and in short that you want to have life insurance carry you and your family safely, smoothly, to the place of financial security that will be at once economical and will give you a sense of welfare quite inexpressible.
